Office at Truckee Stable, Reno, Nevada.

ALL EDUCATED VETERINARIAN ADVOCATE
A Veterinary Dentist, well knowing that no
other method has yet been discovered that pro-
duces the same satisfactory result. I cut the front
teeth of old horses so that the back teeth come to-
gether. Very few horses, young or old, but have
more or less sharp edges or rough projections upon
their molars. These sharp points lacerate the
mouth, thereby causing torture to the horse, and
he tries in various ways to rid himself of the
trouble. Some lose the head, droil or slubber,
others start suddenly or stop short, and some shy,
drive sideways or hold their head in an unnatural
manner.
Blindness in one or both eyes, a rough coat of
hair, a suffering horse and disagreeable driver is
caused by a defective mouth. I carefully remove
all irregularities and place the mouth in a level,
natural condition.
Veterinary dentistry is an act of humanity. It
not only relieves suffering but produces a fine,
pleasant driver, and gives you a healthy horse
whose life is prolonged at least five years.
I have had eight years' experience in this busi-
ness and am qualified to give thorough satisfaction.

THE "BLUE JEAN TRAMP."

Sad Romance of a Man Robbed of Intended Wife, Money and Reason.

C. C. FOWNING, Editor and Proprietor.

Secretary of Agriculture Rosk, with his assistants, is making a tour through Kansas for the purpose of gaining information concerning the sorghum sugar industry. He will visit six or eight of the factories, and hopes by a careful study of the enterprise to gain a knowledge of it that will enable him to extend such Government aid as its development may require. The Secretary expressed an opinion that the industry would become a success. The sugar works at Fort Scott made three hundred thousand pounds last year at a profit. Greater results are looked for the present season, many improvements having been made in the process employed. No further proof is needed to show that the making of sorghum sugar is a practical success. It only remains to cheapen the process so as to make it a profitable commercial undertaking. Uncle Jerry Rosk is the right man in the right place to look after just such industries. We hope he will visit Reno some time.

The anniversary of Mexico's independence has lately been celebrated in all the chief cities of our sister republic, and the enthusiasm of the national holiday this year has almost been equal to that of the Fourth of July in the United States. There is good reason for it. Mexico, which has so often suffered from internal disturbances, is now enjoying a long period of profound peace; her prosperity is increasing in a remarkable way; a new element is being added to her population by immigration from Italy, and there is unusual activity in the development of her vast resources. The Mexican Government has sent an official delegate to the Congress of the Three Americas that is soon to assemble in Washington; and there need be no doubt that the acts of that Congress will be advantageous to the commercial interests of Mexico as well as to those of the United States.

A statement issued from the Treasury Department shows the number of silver dollars in the Treasury against which certificates can be issued is now reduced to 8,000,000. At this date in 1886 the number was 88,000,000. The coinage of 2,000,000 a month meantime has, also, been covered by the issue of certificates of silver. The certificates in circulation in the past three years have increased \$180,000,000, while the National Bank circulation is now decreasing at the rate of \$40,000,000 a year. Silver certificates now in circulation \$275,000,000; silver dollars in circulation, 56,000,000; silver dollars in the Treasury against which certificates can issue, 8,000,000.

Poor's Railroad Manual for the present year estimates that nearly eight million of the people of the United States are dependent upon the railroads and industries connected with railroads for a living. It is also stated that the railroad interest is the greatest in the country, and that it has become so thoroughly a part of the economic system of the Republic as to be second only to the Government itself. It is literally true, and unless the railroad power is checked and curbed it will soon be more potent than the Government, and the American people will become mere serfs of the Gould's and Vanderbilts.

Ex-Postmaster General Frank Hutton and Civil Service Commissioner Lyman are becoming almost unwell in their civil service reform controversy. But both being northern men they will fight to a finish within the columns of the press and will not transfer the quarrel to some secluded spot where pistols would be substituted for pencils.

The statement of the Union Pacific earnings for the first seven months of the year shows a snug surplus over expenses, though not as great as for the same period last year. The statement emphasizes the fact that the property is on a substantial paying basis and would earn an enormous dividend if the water was squeezed out of the stock.

Statistics sent to Washington by the American Minister at Mexico show that the exportations of American machinery to Mexico have grown in value from \$462,384, in 1880, to \$4,000,000 in 1887. These figures show the importance of fostering our trade with Mexico, in not only machinery but in other branches of trade.

Combination always invites combination. The American brewers who failed to unclench on the British syndicate are about to form a trust to fight the foamy invader. If the threatened war comes to a head the highways of the country will be deluged with beer.

The decrease in business noted in New York and Boston last week is due to the fact that their ball clubs are running neck and neck, and the people are too greatly interested in the outcome to pay any attention to ordinary trade topics.

The sovereign grand lodge of Odd Fellows meeting at Columbus, O., defeated a proposition to change the age of eligibility to membership from twenty-one to eighteen. The Odd Fellows mean to get along without the young fellows.

New York is already making great plans for a grand memorial arch for 1892. A few years ago great plans were made for a monument to General Grant, and later on for a centennial arch, but neither passed beyond the paper stage.

With Sam Cox dead and Sam Randall broken down in health, the Democracy will be painfully deficient in experienced leadership in the next Congress.

While the office-seekers are hunting President Harrison at Deer Park, ex-President Cleveland is hunting deer in the Adirondacks.

We gave her Castoria.
When she was a Child,
She cried for Castoria.
When she became Miss,
She clung to Castoria.
When she had Children,
She gave them Castoria.

THE ANNEXATION QUESTION.

Senator Teller Says the Canadians Favor Union.

WASHINGTON, D. C., Sept. 18.—Considerable interest is felt here over the report the Senate Committee on Canadian annexation will make to Congress this Winter. Public opinion is equally divided as to whether annexation will be recommended. Some of the strongest men in both Houses are ardent advocates of Canadian annexation, and therefore the subject can fight its way through Congress under ordinary disadvantages. It can be successful even though it is handicapped by the refusal of the Committee to recommend annexation, if too strong grounds are not urged against the proposition.

Senator Teller has, during the past Summer, made a trip through Canada and talked with some of the statesmen in the Dominion. He said to your correspondent upon his return to this country: "Nearly every man I found in Canada is in favor of annexation. The tradespeople are especially anxious for it and believe that the natural tendency of the interests of the two countries are together. They believe that we would receive quite as much benefit as themselves, and yet they are sufficiently selfish to think that they would be greatly benefited. I believe that if a vote was taken in Canada it would give a good round majority in favor of annexation. I really think there is more hesitation on the part of our people than the Canadians. Old Mother England, of course, would object, but if Canada would take a positive step in our direction I think she would relinquish her hold, and there would be no difficulty in our coming together."

Kasson's Prospects.

The friends of ex-Congressman Kasson, of Iowa, have strenuously maintained that President Harrison has been inclined to tender him the Russian mission, but the developments of the last few days indicate that that gentleman will probably get another office. As evidence that this is true it is stated that Mr. Kasson has determined to locate in Washington and is making arrangements to lease a house. It is hinted that he will be offered the position now occupied by Third Assistant Secretary of State Moore, who is a relic of the Cleveland Administration, and who was appointed as Bayard's particular friend. The same authorities say that Colonel Elliot F. Shepard may be offered the Russian mission.

Grass Valley and Nevada City to Be Connected.

NEVADA CITY, Sept. 20.—A company has been formed in San Francisco to build and equip a street railroad connecting this city with Grass Valley four miles distant. The Boards of Trustees of the towns and the County Supervisors are being applied to for a fifty year franchise which will doubtless be granted. The company agrees to have the road in operation within one year, with electricity, cable or horse-power. Hourly trips will be made, with the fare fixed at 10 cents each way.

OPERA HOUSE DRY GOODS STORE.

THE OPERA HOUSE

Dry Goods Store.

This store is now being generally known all over the State of Nevada as the popular

ONE PRICE

Dry Goods Store, and its proprietor, C. W. Booton, is well known as the

Revolutionizer of Prices and Re-adjuster of Values

—IN—

STAPLE & FANCY DRY GOODS

GENTS' FURNISHINGS,

HOUSEHOLD FURNISHINGS,

READY-MADE CLOTHING

And BOOTS AND SHOES.

Please note the various reasons by which I claim I have advantage over all competing houses:

1st. I BUY FOR CASH, and cash only.

2d. I VISIT THE MARKETS IN PERSON, frequently, and buy my own goods myself, for the lowest possible SPOT CASH PRICE.

3d. MY AIM AND AMBITION IS BIG BUSINESS, quick sales and small profits. This is what I claim and what I hustle for. Having this object in view—to give everybody good value for their money—success is already achieved, as I challenge anyone to dispute that I make the lowest prices.

4th. MY STORE IS THE THE LARGEST AND BEST SIGHTED of any in the city—the three large plate-glass show windows which ornament the building would do credit to any large store in a large Eastern city, light being of great importance in any well-regulated store.

5th. I ENGAGE THE BEST AND MOST EXPERIENCED AND SKILLED SALESMEN that can be found in this country. W. R. Lett has full charge of my store; his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.

6th. I DO JUST AS I ADVERTISE; I do not advertise my goods at cost, as no intelligent person could swallow so silly an announcement as that. Nevertheless many of our merchants of to-day advertise under the head of selling goods at cost.

7th. ALL GOODS ARE MARKED IN PLAIN FIGURES, and no goods are misrepresented.

HAVING GIVEN SEVEN REASONS WHY I LEAD ALL COMPETING houses in prices, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including also French Cashmeres, French Camel's Hair, Bestries Cloths, French Foulle, Trest Cloths, Tricot Cloths, Albatross, Nunn's Veiling, French Debeiges, Fancy Striped Alpaca in plaids and stripes. I keep all the leading patterns found in the market.

The Black Goods Department

Is well stocked with all the latest and best known brands of French Cashmere, French Camel's Hair, French Soles, Albatross, Nunn's Veiling, Sicilian Cloths and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

The Corset Department

Receives special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

The Kid Glove and Button Department

Is replete with all the shades that can possibly be obtained this side of the Rocky mountains.

The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hosiery that are manufactured on this coast. My stock of Ladies' Misses', Children's and Men's Hosiery is unsurpassed in the city. Asking on we come to the

Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said—I using their own language—they were tired of paying high prices any longer. I subsequently ordered the above stock, and will say that my success in that department has surpassed all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2.50 up.

In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark—that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell suits for men from \$5 up.

In the Underwear Department,

Including Ladies' and Gents', I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the largest and best-selected stocks of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

In the Domestic Department

I carry all the principal makes in Sheetings, Pillowcase Muslins, etc. Gingham and Calicoes in endless variety.

Thanking the People of Reno and the Public in General for their Kind Patronage for the Past Year, and Soliciting a Continuance of the Same, I Remain, Respectfully,

C. W. BOOTON,

TOWN AND COUNTY.

H. W. Higgins is quite sick.

Alta advanced to 2 1/2 yesterday.

The weather continues pleasant.

Season tickets for the fair are now on sale.

Dr. Cole was down from the Comstock last night.

Flush out the river. Where are you, Mr. Mayberry?

Louis Hirschberg came down from Virginia last evening.

Space in the Pavilion is being gobbled rapidly. Hurry up.

And still the JOURNAL job office is kept busy doing job work.

Oscoda expects 1,000 men to be at work there before snow flies.

H. F. Danberg was in town last night engaging sheep shearers.

The V. & T. R. R. will run a special fair train, as usual next week.

Deacon Bill Gibson, of the Wadsworth Salvation Army, was in town last night.

Judge Henry Rives, of Eureka, is visiting Reno and the western part of the State.

The Reno Brass Band will furnish the music for fair week, and it will be good, too.

Go to Lange & Schmitt's for ranges, and cook stoves. Best assortment in the State.

Make room for the visitors to the fair. Crowd up at home and give way for the outsiders.

The entire State militia force will be here next week. The grand review day will be on the 4th.

President Green, of the California State Fair, will be up to Reno next week to enjoy a Nevada State Fair.

C. H. E. Hardin will go down to Wabuska to day to take in the Lyon County Fair, now in progress at that place.

The receipts of the late California State Fair, from ticket sales only, amount to \$30,239, an excess of nearly \$5,000 over last year.

Mrs. C. C. Powning, after an absence of eight months, returned to Reno yesterday, fully restored to health, and happy to be at home again.

The Board of Equalization will be in session on the 27th, 28th and, for the last time, on October 7th. Taxpayers will govern themselves accordingly.

Excellent, reliable and economical are the stores and ranges sold by Lange & Schmitt. Every house and store should have them. Call and inspect before purchasing.

Not very far from Truckee river shore is situated Reno Notion Store.

There is lots of little things for sell. That is all what George he wants to tell. G. K.

The Palace Dry Goods and Carpet House will close their store this evening at six o'clock, and remain closed until Saturday morning, Sept. 28th, in consequence of religious holidays. Ladies desiring to purchase, will please avail themselves to-day.

El Rio Rey Not Entered in Next Year's Derby.

Turf followers, who are interested in the career of Theodore Winters' matchless colt, El Rio Rey, will learn with regret that the River King is not entered in either the Kentucky or American Derbies next year, and these events are therefore safe from him. "It is a great pity," said a prominent horseman a few days ago, "for should this three-year-old prove to be as good as his two-year-old, nothing could touch him." El Rio Rey is entered in many valuable stakes, however, and is sure to place many thousand dollars to his owner's credit.

The above item, going the rounds, is a trifle incorrect. El Rio Rey is entered in the American Derby.

Sutro Tunnel Stock.

The Engineering and Mining Journal, of New York, says that the old stock of the Sutro Tunnel has been freely inquired for. The demand is said to come from parties, some of whom are in Paris, who are antagonistic to the Reorganization Committee. Some 2,000 shares have been bought at 6 cents. The new trust certificates have been active at 75 and 80 cents.

Bliss Buys a Church.

A few days ago in San Francisco, says the Carson Appeal, D. L. Bliss, of this city, purchased the Church of the Advent for \$50,000. Whether he proposes to occupy the pulpit or not is still a matter of conjecture.

STATE FAIR MATTERS.

Employees Appointed—The Reno Band's Music.

The State Board of Agriculture held a meeting yesterday. Present—President, Winters, Directors Flint, Martin, Mulcahy, Gould and Powning.

The District racing race was closed with four entries: E. Williams entered Dick Kelly, J. P. Sweeney enters Sam Lewis, D. Curce enters Prince, and R. C. Leeper enters Frenchy.

The closing of the three-minute class trot was continued until Thursday.

Hastings' Cornet Band was awarded the music.

Track attaches—Frank Emmitt, Marshal; C. J. Campbell, entry clerk at the grounds; M. Hawcroft, gate-keeper; W. W. Webster, assistant gate-keeper; Wm. Baugh, exit gate-keeper; Geo. Bryson, Sr., gate-keeper at the timers' stand; Samuel Dunno, track gate; Pat Keating, track gate; P. B. Evans, police at grand stand; W. W. Rogers, judges' clerk; Joe Stanley, night watchman; J. Harrington, John Bowman, Wm. Mosher, K. J. M. Coats, patrolmen; H. B. Cossitt, weighing clerk.

Pavilion attaches—W. M. Harenor, entry clerk; Peter Howard, doorkeeper; Eva Jamison, ticket agent; George Teasland, night watchman; W. Dixon, H. Higgins, day watchmen.

TWO REFORMERS.

Newspaper Men Who Agree Not to Smoke for Ten Years.

George D. Squires and Theodore F. Bonnell, two well-known newspaper men of this city, filed with the Recorder to-day an agreement by which they relinquished for ten years from date the use of tobacco in all forms. Upon violation of the agreement either party forfeits the sum of \$50 and promises to wheel him in a vehicle and upon a date to be selected by the Mayor of this city from the New City Hall to the Golden Gate Park.—S. F. Post.

Get the wheelbarrow ready.

RENO ITEMS.

All. Dotsen writes the Virginia Enterprise as follows regarding things of interest in Reno:

RENO'S ELECTRIC LIGHT.

Owing to the breaking down of the engine which runs the dynamo, Reno's system of electric lights received a total interruption on Friday night, and everybody had to fall back upon their gas and coal resources. But the electric storage battery at the State Insane Asylum kept that institution properly lighted as usual, although its dynamo had been resting for a day or two, having stored up lightning enough to draw from for at least a week. This can be considered a very good illustration of the advantage of the electrical storage arrangement. The Reno Electric Light Company has just started a new lot of poles for the distribution of more light throughout the city. About 900 incandescent lights are called for, not only in public business but in private business as well.

THE STATE UNIVERSITY.

In progressing finely, and the numerous students about town, in their neat and ornamental uniforms, are quite a feature of the place. A newly formulated course of study is being adopted which is expected to reconcile all discrepancies and disagreements between the University and public schools and insure to the permanent advantage of both. President Brown has exerted himself ardently, scrupulously and successfully in the matter, in conjunction with the public school management.

INCIDENTALS.

About a dozen carloads per month of Inyo marble, including some magnificent large blocks, pass through Reno for Sacramento, and the demand is constantly on the increase, there being no better marble to be found anywhere, precluding all necessity for importation. The resources of the Inyo quarries are unlimited.

There are more faro and stud poker games running at Reno than there are churches and Sunday schools. Carson moralists proscribe the other way, and all the sports, in and out of church, are saving up their money to bet on the horse races at the coming fair.

THE JEWISH NEW YEAR.

At 6 o'clock this evening the Hebrew New Year observances will begin, and will continue till 6 o'clock Friday evening. The season will be marked by the closing of all business places conducted by people of that faith. The Hebrews throughout the world will hold religious services. The new (civil) year is the 5,560th of the world's creation, according to the Jewish chronology. There are sometimes twelve and thirteen months in the Jewish year. The same month varies in length in different years, being regulated by the moon.

Hawthorne Baseballists Do Not Take Water.

Manager George J. Garrison, of the Esmeralda Baseball Club, renews his challenge to the Comstock, as follows:

"We hereby challenge the Comstock Baseball Club to play a match game of baseball at Hawthorne, October 28, 1889, subject to the conditions of our former challenge, for any amount between \$1,000 and \$3,000 a side. We allow the Comstock Club \$150 for expenses. Five hundred dollars forfeit money has been deposited with Wells, Fargo & Co.'s agent at Hawthorne as evidence of good faith. The challenge is open until September 28th."

KEYES MINE LITIGATION.

The Virginia Chronicle, of Monday evening, says:

Major F. M. Huffaker returned to-day from San Francisco with affidavits to be used as evidence in the suit of P. J. Keyes vs. the Keyes Mining Company. Suit is brought to recover a certain amount which Patrick J. Keyes claims is due him as salary as Superintendent. When the property is free from litigation L. P. Drexler is said to have consented to acquire a large interest in it and proceed to develop it. The mine is now attached with P. J. Keyes in charge.

Notice.

On and after July 19, 1889, George Becker, proprietor of the Reno Soda and Bottling works, will sell and deliver in Reno:

Soda, cream and lemon, per doz. \$5 00
Sarsaparilla, per doz. 50
Ginger ale, per doz. 75
Sarsaparilla and Iron, per doz. 75
Pacific bottled beer, per case 3 50
Friedrichsburg San Jose beer, per case 3 50

HEBREW NEW YEAR.

How It Will Be Observed in and Celebrated.

The Hebrew year, 5560, begins at sundown this evening. The new year is celebrated on the first day of Tishri, the seventh Jewish month, and is the greatest of Hebrew holidays. The day of atonement, or Yom Kippur, is observed on the tenth day of the same month. These two days are unusually commemorated by both orthodox and reformed Jews in all parts of the world.

The Jewish new year is celebrated by services. While all other religious sects begin the new year with gaiety and merriment, the Hebrews make the first day of the year a penitential day and contemplate it as a milestone in life's journey. Notwithstanding the fact that during the entire twelve months mercantile affairs transcend the whole attention of the Hebrews, the two great holidays are the most scrupulously observed. On New Year's Day the Jews present themselves humbly and gratefully at the synagogue and offer prayers of gratitude for past mercies and earnest entreaties for future blessings.

Both orthodox and reformed Jews celebrate the first day of the new year with equal solemnity, but the Jews belonging to the orthodox faith keep two days with much solemnity.

The day of atonement is a fast day, beginning at sundown on the ninth day of Tishri and ending on the tenth day of the same month. After the day of atonement, on the fifteenth day of Tishri, the feast of tabernacles of Succoth is celebrated. The festival commemorates the Hebrews' forty years of wandering in the desert. It is one of three Jewish high feasts and it lasts seven days, the first and last of which are voted to services in the synagogues.

Fast Horses Coming.

There will be a very large number of fast horses at the Reno Fair next week. Among the pacers are Edwin C. who made a record of 2:15 at Sacramento last Saturday, Greole, who won a fine race at Sacramento last week in less than 2:23 and one heat in 2:23 1/4, and four or five other pacers equally as good. Of the trotters there will be Babe, Victor, Thapsin, Don Thomas and others of the 2:20 class, Nona Y. Eva H. and Argent of the 2:25 class; the horses are too numerous to mention. The Nevada pacers, Dick Kelly, Priuce and Pocahontas will be over from Carson, and altogether there will be a big field of horses to pay your money and take your choice on.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-ewf-ly.

A Good Guess.

The White Pine News says: Washoe county's tax roll foots up \$5,051,550 and thereby makes up for losses in some other section of the State. Next year the roll will nearly reach \$6,000,000.—Gazette.

The Gazette could easily have copied the above item from the JOURNAL two weeks ago.

THE STATE UNIVERSITY.

The Enterprise of yesterday, contains the following:

Our correspondent in Reno has sent the following letter in answer to "Comet's" defense of the University. He is a responsible citizen of that place, and we think the managers of the University should make some reply:

"Editor Enterprise—The very erratic luminary, appropriately signing himself 'Comet,' writing you from Hawthorne in critical response to my recent communication relative to the Reno public schools, is evidently a novice in such matters. One would suppose from an ornate and rushed defense of the University that he was a favored graduate thereof. The University management had no reply to make, so 'Comet,' more officious than official, blunders boldly to the rescue. 'Fools rush in where angels fear to tread.'"

"My communication, which he so blindly criticizes, most certainly contained nothing which should have caused him to draw such crazy inferences and cruelly defend the wrong person, as Hawthorne did. He evidently must have wilfully allowed the overpowering weight of some unexplained personal animosity to sit upon and addle his callow brain. An unqualified and unconditional apology from him to that person is the only proper thing he can do under the circumstances."

"Diogenes' is no veridical carpet-bagging pedagogue, but a long-time, prominently well-known responsible married citizen and taxpayer of Reno, with children attending the Reno schools. He is, therefore, well posted with regard to what he has written, and reiterates every word of it. His apology in taking notice of 'Comet's' communication is because a Reno paper has copied it without being just enough to print the original, which it so mendaciously, recklessly and foolishly enticed. Go to, 'Comet,' bag the thy head and thy tail. The Reno public schools and the State University are harmonizing matters properly, and will work out their respective salvation without any of the erratic assistance."

DIOGENES.

There has been sufficient attention called to the questions relative to the management of the University to make it seem almost obligatory upon the Regents or Faculty to give an explanation, and we are somewhat surprised that none has been given.

There has also been considerable discussion under cover of non de plumes, and we are strongly of the opinion that short communications, over actual names, will be much more satisfactory and convincing to the public. No anonymous letters of any kind will get the slightest attention, and those that have been received will be returned if the writers send for them.

NEW SPORTING PARLOR.

The Wine House Opened Saturday Night in a Blaze of Glory.

Saturday evening at about 6 o'clock overhauled the Wine House saloon was opened one of the finest sporting parlors in the State of Nevada, if not west of Omaha to the Sierras.

For weeks past the enterprising proprietor of the premises, Spiro Francisovich, has been sparing neither time, labor nor lavish expenditure of capital. At great expense the roof has been raised over twenty feet and a solid upper story constructed, which is now fully finished, and decorated in the interior, with a commodious stairway leading up from the front of the saloon, conveniently adjacent to the main entrance. The upper story comprises one elegant, roomy apartment, 25x60 feet in dimensions, abundantly lighted and ventilated by numerous spacious windows and doors, all guarded by solid fireproof shutters. The apartment is hard-finished throughout and most tastefully wainscoted in vari-colored California natural woods, handsomely polished to bring out their beautiful color contrasts; and at night will be a blaze of light from the myriad of gas jets and electric lamps adorning the room.

These handsome sporting parlors were opened under the auspices of those two old veterans of the sporting fraternity, Uncle Joe Stewart, whose name and word is a passport and bond in every city and hamlet on the coast, and Col. John Daniels (Kentucky), one of the oldest and best known knights of the green table in the State. Their names alone are a host in themselves and will attract an army of old acquaintances as well as be a guarantee that the Wine House Sporting Parlors will be conducted in a first-class and most respectable style. K.

A bar of gold weighing five hundred pounds and worth over one hundred thousand dollars was turned out of the United States assay office in Helena, Montana, last week. This bar would be almost as good as a "bar" for use in campaign purposes.

A blanket mortgage of one hundred and sixty million dollars is to be put on the Northern Pacific railroad. That should be sufficient to protect it from the cold and snow of the northern winds.

WHAT IS

SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How CAN CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofula sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Nauright, N. J. N. B. The Tobacco Tax Likely To Go.

The southern Congressmen in both parties continue to say, as they drop into Washington fresh from their constituents, that at the approaching session of Congress the internal revenue system, with the exception of the tax on spirits and malt liquors, must be abolished if any legislation is enacted. Mr. Catchings, of Mississippi, is one of those who think that way. The southerners will demand the repeal of the tobacco tax, and as they hold the balance of power in the House they can force the majority to adopt their wishes if they stand firm. It is not likely at all that they will have trouble in securing its abolition.

Mrs. Logan has declined to allow herself to be considered as a candidate for Commissioner of Pensions. Mrs. Logan's sterling common sense will always protect her from any absurdity into which she might otherwise be led by enthusiastic admirers.

WHAT ON EARTH

Is the reason people will not, can not or do not see any difference in cheap nostrums put up by cheap John House or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at actual price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BREGG'S BLOOD PURIFIER AND BLOOD MAKER, and every bottle that does not do its work will cost you nothing.
